- Large glow in the dark hand pendant has easy-to-use controls for adjusting head and foot deck sections to comfortable positions; built in battery backup and power indicator light. (Figure A)
- In the event of a power failure, a 9 volt battery (not included) located in the hand pendant can lower the head and foot sections to a horizontal position. No crank needed.
- Hand Crank adjustable bed height is easy to raise and lower for comfort and accessibility. (Figure B)
- 15570FR comes complete with full side rails and frame mounted retractable receiver bracket to eliminate cross braces, ensure proper placement and reduce loss. (Figure C)
- Ultra light head and foot frame weigh only 42 lbs. each. (Figure D)
- Slat Deck provides strength, no-sag mattress support, no links to connect, easy to clean
- Channel frame construction provides excellent strength and reduced weight.
- Frame safety lock slides over hanger pins to prevent disengaging from bed ends.
- Self-contained motor for reduced weight and noise (same as Delta™ Ultra Light 1000).
- UL approved Motor can be installed and removed with patient in bed. (Figure E)
- Molded Plastic Bed end panels are durable, lightweight and attractive to blend with décor. (Figure F)
- Headboard is taller than footboard to better fit home décor; head and foot boards are interchangeable.
- Casters are standard.
- Bed ships in two cartons for ease of handling, delivery and setup.
- Weight Capacity 450 lbs. evenly distributed. Includes occupant, mattress, side rails, trapeze, accessories, personal affects, etc.
- Optional trapeze available (model #15560TRAPEZE)
- Item # 15570HR bed comes complete with clamp-on style half rails in place of full rails. (Figure G)
