- Advanced Clinical and Care Giver Features: Auto-Firm, Seat Inflate, auto-recovery, microprocessing feedback, lock-out and more!
- Cell-on-cell design of 10" deep air cells prevents "bottoming out" and also provides up to 24 hours of power outage protection.
- Digital pump allows for customization to individual patients' comfort and safety needs, and will auto-return to alternating pressure mode if system is left on static mode for >2 hours.
- Stretch cover is low shear, fluid-resistant, vapor permeable, quilted and zippered.
- Each one of the 20, 10" deep air bladders are easily removed and replaced.
- Pillow function maintains the 3 air cells at the head of the bed in static mode for patient comfort.
- 3 diagnostic alarms tell you whether a problem is with the mattress or the pump for more efficient servicing.
- CPR valve allows for rapid deflation.
- EZ Lock/Quick Release Tubing Connector.
