Therapeutic 5 Zone Support Mattress

Item #	Product Description	Product Dimensions	Product HCPCS	UOM
15019	Multi-zoned Foam Mattress	36" (W) x 80" (L) x 6" (H)	E0184	1/ea

- Deluxe, horizontal, cross-cut, foam mattress provides comfort, support and pressure redistribution over five different pressure zones.
- 210 denier nylon cover reduces friction and shear, and is water resistant and vapor permeable.
- This Medicare coded Group I replacement mattress does not add height to bed, facilitating transfers.
- Better comfort, compliance, durability and pressure redistribution than innerspring mattresses allows for improved patient satisfaction and fewer service calls.
- Non skid bottom for patient safety.
